

# Furniture Designer – J Carey Design Ltd

- Job title:** Furniture Designer/Draughtsperson
- Location:** BD20, Cross Hills
- Terms:** Permanent, 40 Hours p/w full time.
- Salary/rate:** £25,000.00-£40,000.00 per year, commensurate with experience
- Requirements:** In-person, office based, 08.30-17.00 Monday to Friday
- Ability to Commute:** Reliably commute or plan to relocate before starting work (required)
- Benefits:**
- Company pension
  - Cycle to work scheme
  - Employee discount
  - Free parking
  - On-site parking
- About us:** **jcaredesign** is a design-led bespoke joinery manufacturer operating in a variety of sectors including sports stadiums, distinct office environments, courtrooms, luxurious hotels, and high-end restaurants.
- We are a UK manufacturer with a reputation for great service, individuality and endless bespoke product options and capabilities.
- About the role:** We are looking for a committed and detail orientated individual to fulfil the role of a Designer as part of our existing team.
- The nature of the role requires commitment to hit weekly deadlines to satisfy client drawing approval submissions and production drawing targets.
- Responsibilities:** The key responsibility of the role is the efficient and accurate delivery of individual items of bespoke joinery, which fit into a wider design scheme; being mindful of client requirements,

material costs, manufacturing capabilities, installation limitations and drawing deadlines.

- Generating clear and accurate approval and production drawings to the highest standards.
- Carry out model reviews with workshop staff to agree and sign off design & details.
- Researching and integrating components / fittings.
- Producing a bill of materials / requisition to cover all materials and fittings on your item.
- Generating and self-checking a cut list and corresponding drawing to be issued to the workshop for manufacture.
- Consider site conditions and restrictions to inform design and buildability / assembly on site.

**Candidate requirements:**

- A minimum of 5 years' experience in producing detailed drawings of bespoke furniture for manufacture
- 5+ years of Solidworks experience
- A strong understanding of furniture production methods and materials including veneers, laminates, solid surface materials, metalwork and upholstery.
- A strong ability to keep organised with information across several items simultaneously.
- Be an open and conscientious team player – listening to others' advice and experience and taking it on board.
- Driven to be thorough and accurate, consistently.
- Good communication skills both in the form of updating managers and project leads, as well as sketching or modelling to communicate design ideas / details.
